If you're having a wedding at Falside Mill, this is where you could have your ceremony for up to 200 guests. The reception room would also make a fantastic area for a drink's reception, or corporate presentation. Speakers are installed in the ceiling, for your background music and speeches.

# The Main Hall

High timber clad ceilings with tunneled skylights let the natural light flood in to this fantastic open space, which has views across the farm.

Internal barn doors can be used to conceal the main hall from the reception area, until the next part of your celebration is ready to start. Located off the main hall is a snug, which can be used in whichever way you want: a cozy lounge or a room for a fun photo booth. Speakers are installed in the ceiling, for your background music and speeches.

# The Mill Ring

The mill ring is a jaw dropping conversion of a very traditional part of an East Neuk farm steading.

Its big windows command terrific views across the fields, and beyond. This space can be used for more intimate wedding ceremonies, of up to 50 guests, or for a smaller drink's reception.
